RESOLUTION NO. 91

The Board, on motion of Councilor Victorino C. Teleron
seconded by Councilor Pablo S. Pajaron,

RESOLVED, That Item No. 10 of the Agenda appropriating
P11,600.00 on project No. J-27-6(1) and project No. J-6 1-19,
of the City Engineer, Ormoc City be approved.

PASSED UNANIMOUSLY.

Councilor Victorino C. Teleron requested the Honorable
Members of the Board to give preferential consideration to
Item No. 13 of the Agenda which is a petition of Mr. Potenciano
Larrazabal requesting for permission to water pipe connection
in behalf of the people of barrio Patag, Ormoc City, all labor
and materials at the expense of Mr. Larrazabal.

Councilor Cleto P. Evangelista manifested that he has
no objection to give water facilities to the good people of
barrio Patag. He call the attention however, of the Honorable
members of the Board that the water supply to the City proper
during eight and nine o'clock in the morning is very slow,
thus inducing a shortage of water in the water reservoir.

If the water pipe connection is granted, the supply
of water to the inhabitants of the City proper would be much
affected, thus adding danger to the safety of the houses in
case of fire.

Councilor Evangelista further pointed out that the
Ormoc Waterwork System is intended primarily for the
inhabitants of the City proper. The petition would, there-
fore, violate the prime purpose for which the Ormoc Water
Works System is intended.

On the suggestion of the Chair, the City Engineer
who was present during the meeting of the Board was re-
quested to survey and study the cause of the water short-
age in the water reservoir and to submit his report on
Saturday June 18, 1949.
