The Honorable City Council
Ormoc City

Gentlemen:

I am forwarding herewith a letter to the Philippine War Damage Commission, thru that Honorable Body, for the formal acceptance of the Ormoc City Hall, Project No. 1568 and financed by the War Damage Funds, following the instruction contained in B.P.W. Circular No. 9, s-1949.

In this connection, I am requesting that Honorable Body to set aside an appropriation of P1,874.45, from our local City fund, as additional amount to cover the payment for the necessary extra volume of concrete and gravel filling due to lengthening of the piers to attain the required bearing and elevation. The total amount collectible by the contractor is P4,487.66, as per his attached computation and the amount still available from the War Damage fund for this project is only P2,613.21, making a difference of P1,874.45.

It is therefore urgently requested that the above request or the difference of P1,874.45 be appropriated from our local city fund.

I respectfully anticipate the prompt and kind attention of this matter by that Honorable Body.

Very respectfully,

(SGD.) FELIX C. CODILLA
City Engineer
