RESOLUTION NO. 1095

A RESOLUTION VIGOROUSLY PROTESTING THE DECISION OF LEYECO V
BOARD OF DIRECTORS TO ESTABLISH OR PRODUCE MINI-HYDRO-
ELECTRICITY THERE BEING NEITHER CONSULTATION NOR APPRAISAL
WITH THE GENERAL MEMBERSHIP AS TO ITS COST, PRACTICABILITY
AND NECESSITY CONSIDERING THAT THE COOPERATIVE HAS ALREADY
MORE THAN SUFFICIENT GEOTHERMAL POWER SOURCE

"WHEREAS, the President of LEYECO V Board of Directors reported
that the said board had decided to establish or produce mini-hydro-
electricity by harnessing Bao river costing some P52,000,000.00;

"WHEREAS, this august Body most vehemently objects to such de-
cision of the board inasmuch as there never was either consultation
or appraisal earlier with the general membership even as we question
the cost and practicability of the project it appearing that Bao ri-
ver is drying up, what with its diminishing flow, unlike the Bao ri-
ver of yesteryears and, moreover, we doubt the necessity of mini-hy-
dro-electricity considering that the Cooperative has already more
than sufficient electricity generated from the Tuñogan geothermal
power plant;

"NOW, THEREFORE, on motion of Kagawad Santiago, seconded by Ka-
gawad Mendola; be it

"RESOLVED, to vigorously protest the decision of LEYECO V Board
of Directors to establish or produce mini-hydro-electricity there be-
ing neither consultation nor appraisal with the general membership as
to its cost, practicability and necessity considering the undepend-
ability of Bao river in the long run and that the Cooperative has alrea-
dy more than sufficient geothermal power source from Tuñogan; and be it

"RESOLVED, FURTHER, to furnish a copy of this resolution each
to the Ministry of Human Settlements and the Energy Commission, Of-
fice of the President, and the National Electrification Administra-
tion, all in Metro Manila; the President of the Board of Directors
and the General Manager, both of LEYECO V, Ormoc City;

"CARRIED UNANIMOUSLY."

I HEREBY CERTIFY to the correctness of the above-quoted reso-
lution.
