RESOLUTION NO. 96-132

A RESOLUTION RESPECTFULLY URGING THE NATIONAL ELECTRIFI-
CATION ADMINISTRATION (NEA), THROUGH THE ADMINISTRATOR
TEODORICO SANCHEZ TO INVESTIGATE, AND TO CONDUCT PER-
FORMANCE AUDIT ON THE RECENTLY ACQUIRED RECONDITIONED
"12/16 MVA TRANSFORMER" BY LEYECO V, INSTALLED AT ITS
SUBSTATION AT BARANGAY SAN PABLO, ORMOC CITY, ON TURN-
KEY BASIS.

WHEREAS, in response to numerous complaints from electric consumers
of LEYECO V especially coming from the City of Ormoc regarding frequent
brownouts and low voltage which coincide with the installation of the
newly acquired reconditioned "12/16 MVA Transformer" at its Substation
in Barangay San Pablo, Ormoc City, the Committee on Energy Development
and Conservation of the Sangguniang Panlungsod ng Ormoc called a Commit-
tee Meeting on June 26, 1996 where representatives of LEYECO V, NAPOCOR,
were invited to shed-light on the cause/causes of frequent brownouts and
low voltage;

WHEREAS, a fact-finding inquiry was conducted by the Members of the
Sangguniang Panlungsod ng Ormoc during its regular session on July 18,
1996 where the General Manager of LEYECO V, Mr. Jovenal Alesna, Engr.
Gregorio Tenebro, Jr., husband of General Manager of PEAM, the winning
bidder and supplier of the "12/16 MVA Transformer", some representatives
from the Private Sector, and representatives from NAPOCOR were invited
to explain the true condition/status of the "12/16 MVA Transformer", and
the manner it was bidden and awarded;

WHEREAS, during the aforementioned fact-finding inquiry, it was established that the newly installed "12/16 MVA Transformer" at Brgy. San Pablo, Ormoc City, is a reconditioned unit, notwithstanding the fact that the price of a brand new unit offer of PEAM is the same as that of the reconditioned unit per quotations submitted during the public bidding for the acquisition of the "12/16 MVA Transformer";

WHEREAS, related questions were raised on the following concerns:

- a) Approval by NEA of the purchase of said transformer
- b) Approval by NEA of the Loan on the use of the Investment Fund
- c) Approval by the Consultant's wife to take part in the bidding
- d) Veracity of the Specifications of the transformer as really to be 12/16 MVA
- e) The propriety on the part of the LEYECO V management in paying PEAM more or less 80% of the cost inspite of the fact that said transformer is operating inefficiently, to enumerate some.

WHEREAS, it is the consensus of the MEMBERS of this SANGGUNIANG that NEA, through its Administrator Teodorico Sanchez, is the appropriate body which can unravel the issues involving the capability and appropriateness of purchasing the reconditioned "12/16 MVA Transformer" as well as the manner of bidding, awarding, and funding of said transformer;

WHEREFORE, foregoing premises considered, on motion of Kagawad Gregorio A. Yrasti, Jr., Chairman, Committee on Energy Development and Conservation, duly seconded by Kagawad Benjamin B. Lladoc; be it

RESOLVED, AS IT IS HEREBY RESOLVED, to pass a resolution respectfully urging the National Electrification Administration (NEA), through the Administrator Teodorico Sanchez to investigate, and to conduct performance audit on the recently acquired reconditioned "12/16 MVA Transformer" by LEYECO V, installed at its Substation at Barangay San Pablo, Ormoc City, on turn-key basis;

ENACTED, August 15, 1996.

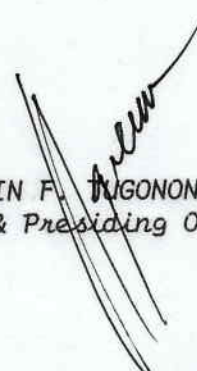

RESOLVED, FURTHER, to furnish copies of this resolution, one each, to Administrator Teodorico Sanchez, National Electrification Administration (NEA), 1050 CDC Bldg., Quezon Avenue, Quezon City; Honorable Eufrocino M. Codilla, Sr., City Mayor, Ormoc City; Mr. Jovenal Alesna, General Manager, LEYECO V, and Engr. Gregorio Tenebro, Jr., Consultant, LEYECO V, Ormoc City; Engr. Decoroso E. Talle, LGPP-1, National Power Corporation, (NAPOCOR), Ormoc City, and other Offices concerned;

CARRIED UNANIMOUSLY.

I HEREBY CERTIFY to the correctness of the foregoing resolution.

OSCAR B. LASAM
Secretary to the
Sangguniang Panlungsod
