WHEREAS, Public Library is an integral part of a learning system as a center for community information service established by the government for public use. As Ormoc City is gearing towards progress and development, improving the quality education of the learners is tantamount to achieving sustainable development. The construction of a multipurpose building located at cor. Mendola and Aunubing Streets is the inception of a new fundamental institution, building in itself a new and well-equipped Ormoc City's public library that can serve all people especially in this computer age. This building is what we need to get access of information from the past and bridge the gap in achieving what we aspire in the future. Our dream is to have a sustainable building for literacy and access to a wide range of reading for all ages;

WHEREAS, an endorsement dated September 16, 2021 was submitted to this august Body requesting for the issuance of a Resolution endorsing the proposed Construction of a Multipurpose Building Phase III in the amount of TWENTY-FIVE MILLION PHILIPPINE PESOS (PHP25,000,000.00) PESOS to be funded under the FY 2021 Local Government Support Fund - Financial Assistance to Local Government Units (LGSF-FA to LGU's) and that the same project is part of the duly approved Local Development Investment Program and Annual Investment Program (FY 2021) of the City Government of Ormoc;

WHEREAS, LGSF-FA to LGUs serves as the National Government's response to the various challenges faced by the LGUs in the exercise of their devolved service delivery functions, foremost of which is the raising of sufficient funds for local development. Hence, LGSF was included in the FY 2021 General Appropriations Act to cover, among other, financial assistance to LGUs as support for its priority programs and projects;

Thus, this Sanggunian fully supports the City Mayor's intention of favorably forwarding the said project to be covered under the LGSF-FA program;
